

GERONIMO RE-OPENING

We will re-open to the public on May 20th (following state guidelines) for full service restaurant operation on our patio spaces only. We will remain committed to safe, sanitary and quality curbside pickup and delivery. Seating will be by reservation only.

@geronimotequilabar

www.geronimobarandgrill.com

- Tables will be available reservation only, booked via our website (www.geronimobarandgrill.com) or by calling the restaurant.
- Maximum group size will be 5 as space allows.
- Tables will be spaced 6 feet apart and our capacity will be limited to 50% of our legal capacity.
- As we will require time to clean and sanitize tables in between guests and to assure social distancing, we ask that you limit your stay to 1 ½ hours. Your server will deliver service and meals in a timely manner to allow you to have time to enjoy your meal.
- Tables are for dinner seating only. Bar areas will remain closed to the public.
- When making a reservation, please confirm with the mobile number you will have with you, so that we can contact you when your table is ready or communicate any delays.
- As all seating will be outdoors, all reservations will be weather-dependent. We can certainly accommodate your meals via curbside pickup or delivery in the event of inclement weather.
- We strongly recommend that you bring a jacket, blankets or anything you think you may need to prepare for outdoor dining during the springtime when weather is unpredictable.
- If you have been in contact with anyone who has had (or you are waiting on test results of) COVID-19 or are experiencing fever, aches, cough, shortness of breath, headache, chills or loss of taste/smell, we ask that you please refrain from visiting the restaurant and instead allow us to deliver your meal to your vehicle or home.

We will use single serve containers or packets where available. All silverware will be sanitized and rolled. All menus will be single use. We will provide sanitizing stations throughout the restaurant for patrons and staff. We will clearly define social distancing spaces where necessary and we will clearly identify paths of travel. We will use touchless devices wherever possible. Customers are required to bring and wear masks or cloth face coverings that completely cover the nose and mouth, other than when eating, unless doing so would be contrary to his or her health or safety due to a medical condition or when eating in the restaurant. Employees will be required to wear masks at all times and gloves while serving, to be replaced frequently. Bathrooms will be single occupancy. An attendant will be assigned to clean restrooms frequently. Managers will perform a daily health check for all employees prior to the start of the shift.
